Computertots

This national program has been developed by educators to engage inquisitive minds and has been featured on CNN and in Parents Magazine. Children will explore exciting computer activities in a small interactive group, using a computer and other peripherals. Our programs encourage reading readiness, math readiness, creativity, and teamwork to help prepare your child for kindergarten and the future. Students will experience new learning activities using different software in each session.

Fit, Fun and Games

Don't let that chill in the air keep you from having fun. Come to the park district for some fun and games with other children. Each week, the children will start with some exercises, followed by active games, both inside and outside (weather permitting). The children will also receive a healthy snack to help them stay fit while they have fun. Exercise is the name of the game and you will get plenty of it as you interact with your peers and have a grand time.

Note: Please dress for outdoor play each session (weather permitting).

Cook A Book

Boys and girls, we won't really be cooking books in this fun-filled class, but we will have more fun with books than you've ever had. Each week we'll read a special story and then the adventure begins. We will conjure up something from the story and cook a yummy snack. We might even act out the story and color a picture too. This is a delicious story time to celebrate books and explore your culinary skills as well.
