A Message from the Executive Director

Dear Frankfort Square Park District Residents:

If you were to look back at your Frankfort Square Park District 35 years ago, half of current park sites and two-thirds of the homes had not yet been built. Lincoln-Way Community High School District 210 had two campuses; East housed freshmen and sophomores, and Central housed juniors and seniors. Our most popular program was the Early Learning Center. Adult Flag Football was played at Community Park on Sundays, and there was one full-time staff member.

Over twenty-five years ago, we moved into our new home at 7540 W. Braemar Lane. The Brookside Glen subdivision was under construction, and the most popular program continued to be the Early Learning Center. Our first community-wide survey, conducted by the College of St. Francis, was completed in 1995.

Over the past twenty years, the park district added hundreds of acres and welcomed thousands of new residents. Summit Hill and Lincoln-Way School Districts added facilities and schools. Highlighting this expansion were outdoor and indoor athletic spaces at North, providing near limitless access to opportunities.

The park district was first named a finalist of the prestigious NRPA Gold Medal in 2003, subsequently achieved finalist status six additional times, and was nationally recognized as a Gold Medal Plaque winner in 2007, and again in 2016.

The FSPD has completed four community-wide surveys and three master plans. The most recent survey was distributed to residents this summer.

Thirty years ago, the park district did not have computers, cell phones, a website, or internet. In 2017, the FSPD prides itself on its informative, transparent, interactive website, www.fspd.org. Thirty years ago, the majority of District information was received through the tri-annual brochure and local newspapers. Now our Facebook site provides park district information in real-time.

We've added numerous facilities, highlighted by the Splash Park, skate parks, athletic fields, natural areas, playgrounds, bridges, concession stands, thousands of trees, restored fishing ponds, built a Nature Center/Greenhouse, 9.9 miles of bike/walking trails, renovated every playground, created the Island Prairie Interpretive Gardens, added picnic shelters, band shelters, and a golf course/driving range.

Most of listed improvements were funded by the 2002 "Something for Everyone" referendum, supplemented by \$4.3 million in successful grant applications, and receipt of developer impact fees.

Currently, our most popular programs/offerings are Braemar Dance Center classes (BDC), Before & After School Program (BAS), Frankfort Square Park District Activities at North (F.A.N.), and Square Links Golf Course and Driving Range.

The number of full-time staff has grown to eleven, and we also employ a large part-time seasonal staff of over 160.

I like the idea that things change, but stay the same. We've always had strong community support, and that continues. We've always worked closely with surrounding school districts and government agencies for the benefit of our residents, and that continues. Our mission has served us well as we've expanded our goals, while our focus to provide excellence in serving residents needs has not wavered. The strength of our Park Board has remained constant, with seven resident volunteers donating their time and talents.

We hope all households have the time to complete the most recent community-wide survey. Information garnered from this ongoing process will continue to set priorities.

As always, the Board and staff welcome resident input, and encourage all to call, email, or attend the monthly meetings.

Sincerely,
Jim Randall
Executive Director

New Opportunity!

After many years of membership in the South Suburban Special Recreation Association (SSSRA), the park district is now moving forward with membership in Lincoln-Way Special Recreation Association (LWSRA). This is an exciting new opportunity for our community, with LWSRA providing increased hours of program opportunities in its new community center facility, conveniently located in New Lenox. Program highlights for our residents with special needs include Titans, a daytime enrichment program for ages 18+, and After School Care, available to anyone ages 4-21 that is still enrolled in school. Thanks to a cooperative agreement between SSSRA and LWSRA, residents have the option to participate in either agency at resident rates.

To learn more about all LWSRA has to offer in adaptive and special recreation services, please visit their website at www.lwsra.org.

Mindfulness and Me - New!

So often we ask our children to “pay attention”, but we don’t teach them how. Growing up in a “plugged in” and screen focused world leaves little or no time for children to learn how to pay attention or just be present. In this five week class, parents and children will become connected to the lifelong practice of mindfulness (the space between stimulus and response.) Mindfulness can help with difficult emotions and focus. We will cover mindful breath, body awareness, listening, heartfulness, generosity, and thoughts. Each class includes music, story and craft time, and a journal response, all contributing to a practice that can positively impact children’s lives in and outside of school. Each week parents will receive take-home materials to help continue the mindfulness practice at home. (This class is not a course in meditation.)

F.A.N. for All

The Frankfort Square Park District has received many requests for usage from a variety of community, private non-profit, and for profit organizations. At this time, exclusive of use of the Lincoln-Way North field house, gymnasiums, and athletic fields, is not available. The purpose of F.A.N. is not to host tournaments or special events, no matter what revenue the event may generate.

Providing space for these events would limit resident access and usage for F.A.N. members and local groups and organizations that schedule team practices and games.

Secondly, F.A.N. and the North campus cannot accommodate every group and organization at all the facilities and fields for the Lincoln-Way area. Local high schools, East, Central, and West are still available for resident usage, and should be considered as able to meet group and/or organization needs.

Categories for Assigning Usage

Use of indoor and outdoor space at the LWN campus by groups and organizations will be administered and scheduled by the Frankfort Square Park District.

Indoor space is comprised of the fieldhouse and gymnasium, but excludes the pool. Outdoor space is comprised of athletic fields, both soccer and baseball, but excludes the use of the stadium and track.

Any group or organization requesting usage will be required to complete either indoor or outdoor facility usage request forms. These forms are available online at www.fspd.org, at the F.A.N. desk at the LWN fieldhouse, or at the park district office.

Requests for usage will be determined based on the following categorized criteria:

Category 1 Requests

Lincoln-Way Community High School sponsored activities.

Category 2 Requests

Frankfort Square Park District sponsored programs.

Category 3 Requests

Lincoln-Way Community High School District residents. Priority will be based on residency, with maximum for resident consideration at 50%.

Friends of the Frankfort Public Library District

Friends of the Frankfort Public Library District is an independent non-profit, dues based organization that provides community support to the Frankfort Library. This is done through the ongoing used book sale inside the library, the always anticipated Barn Book Sale (in the fall), and a spring Herb and Geranium Sale. Friends also maintains a Little Free Library inside the Frankfort Square Park District Community Center.

Becoming a dues paying Friend is very simple, and requires no other obligation. It is a fabulous way to show support for your library. Brochures are available in the library, and you can find us on Facebook. Board meetings are held at the library every third Tuesday (except December) at 11:30 am. You are invited to come and see what we are about.

Frankfort Square Park District Trail

The park district's 1.9 mile trail connects Island Prairie, Indian Boundary South, Kingston, and Hoffman parks.

Path users can access the trail beginning at Arran Drive, directly south of the Frankfort Square Park District Administration Building, and wind through the large 35 acre wet-mesic prairie, offering spectacular views of the lake. Continue on to Indian Boundary South and pause by the wildlife viewing stations, an Eagle Scout project constructed by Boy Scout Troop 237. Stop for a picnic at Kingston or Hoffman Parks as the kids enjoy playing on state-of-the-art playground equipment. As you traverse the path, you will spot native Illinois plantings and wildlife habitats in the prairies and along the waters' edge. Whether walking, biking, or roller blading, the path is sure to offer a great way to exercise while enjoying the pristine parks along the way.

Frankfort Township Trail

The 2.1 mile township trail begins at Frankfort Square School then heads south to St. Francis. There it continues west to 80th Avenue where it turns north to Hilda Walker School.

In a cooperative effort with the Frankfort Square Park District, the Frankfort Township trail serves as a vital link in a planned bike path system. Residents can begin at Indian Boundary South Park and Frankfort Square School, proceed south along Frankfort Square Road to Community Park for an afternoon of fishing, tennis, or picnicking. Travel west along St. Francis Road, adjacent to the park district's Square Links Golf Course and Driving Range. Continue west to 80th Avenue and travel north to Hilda Walker School and Union Creek Park. The parks connected by the Frankfort Township trail offer a wide variety of recreational amenities such as playgrounds, sports fields, picnic shelters, golf, wild-life observation, and skating rinks.

Brookside Glen Subdivision

The Brookside Glen 5.5 mile path system, installed by developers of Brookside Glen, is maintained by the Frankfort Square Park District.

This path winds throughout the Brookside Glen subdivision offering a tremendous benefit to residents. The trail system provides a healthy alternative to motorized transportation, enabling a positive impact upon the environment. Children can safely walk or bike to school, and path users have increased enjoyment of the native areas and ponds located throughout the subdivision.

Lighthouse Pointe Subdivision

Developers of Lighthouse Pointe included a 2 mile path in the planning of this subdivision. The path system was transferred to the Frankfort Square Park District and is under perpetual maintenance year round.

Enter the path system at various points throughout the subdivision and follow this winding trail as it gently slopes creek-side from prairies to wooded wetland, to the future park site. Sights such as the wooded Hickory Creek, native Illinois landscapes, and a proliferation of wildlife in their natural habitats add to the unique experience hikers and bikers can enjoy along the way.

Thor Guard Lightning Prediction System

The Frankfort Square Park District has a lightning prediction system that consists of sensors measuring electrostatic charges at ground level and in the atmosphere. These electrostatic charges, invisible to the naked eye, build prior to lightning occurrences. Square Links Golf Course houses the main detection system. When conditions indicate that a lightning occurrence is probable, a signal is also sent to alarm horns and strobe lights located at the Community Center, Summit Hill Jr. High, Lincoln-Way North High School, as well as Champions, Hunter Prairie, and Union Creek Parks.

The following procedures are to be followed when potentially dangerous weather exists:

Warning Signal

A Warning Signal (one long 15 second horn blast) will sound and strobe lights will activate when a potentially dangerous weather situation is approaching. If the strobe lights are activated, a potentially dangerous weather situation exists.

Procedures

All activities in the park will end immediately and patrons must leave the park. It is recommended that park patrons seek shelter in their cars or a building. Patrons should avoid areas that are higher than the surrounding landscape, they

should not use a tree for shelter, and they should keep away from metal objects such as bicycles, golf clubs, umbrellas, etc. All park patrons must wait until the Lightning Prediction System performs an All Clear Signal before returning to the park.

All Clear Signal

The All Clear Signal (three short horn blasts, two seconds apart) will sound, and the strobe lights will deactivate. After the All Clear Signal sounds and the strobe lights deactivate, park patrons may resume their activities.

Caution

The Thor Guard System helps assess the conditions. Neither the signal nor the system is intended to guarantee that conditions are safe. If the weather is threatening and no warning signal is heard or seen, use good judgment and clear the area. Do not wait for the warning signal to activate, as the system can malfunction.

The Thor Guard Lightning Prediction System is tested on the first Tuesday of every month at 10:00 am during non-winter months.

AED - Automated External Defibrillators

The Frankfort Square Park District has purchased and placed into service numerous automated external defibrillators (AED's). These AED's are located at the Community Center, Square Links Golf Course, Champions Park concession stand, and both Union Creek concession stands. Two portable units travel with park district staff. In addition, Summit Hill School District 161 and Lincoln-Way Community High School District 210 have AED's located at all school facilities utilized by the park district for programming.

Park district staff members have been prepared to use these devices through a comprehensive training program covering both CPR and AED's. In-service training and re-certification keeps these employees ready for an emergency.

Integrated Pest Management

Application of herbicides to park land is necessary to maintain and improve park properties within our park district. These applications are done by qualified personnel with proper equipment and in compliance with all appropriate state and local regulations. Integrated Pest Management (I.P.M.) is employed by the Frankfort Square Park District to manage and control pests with chemical, physical, and biological methods. Components of I.P.M. include fertilization,

maintaining mowing equipment, aerating, over-seeding, and chemical application of herbicides. If you would like additional information relating to I.P.M., or would like to be notified when chemical applications will be done on park property, please contact the park district office at (815) 469-3524.

If you misplace your key fob, please notify the Frankfort Square Park District immediately. Your old key fob will be deactivated and a new one will be issued to you and activated for a \$25.00 replacement fee.

Program Policy

Due to the possibility of separation anxiety, the park district asks that parents of children who have not been in prior park district programs remain in the lobby for the first day of class.

With the child's best interest in mind, no parents or siblings are allowed in the classroom - only registered participants.

If your child is not toilet-trained, please make sure he or she has on a fresh diaper or pull-up. If your child is at risk to need an immediate diaper change, you should plan on remaining on the premises, or be immediately reachable by phone. Our instructors are not in the position to change soiled diapers or training pants.

As we are unable to offer refunds or credits for the Tiny Tot programs, parents are asked to be confident their child is ready for this program. A child is ready when he/she is willing to enter/stay in the classroom without crying. With the child's best interest in mind, **no** parents are allowed in the classroom. The park district will try to accommodate your child in a parent-tot program if deemed necessary.

Birth Certificate Policy

Birth certificates are required at the first registration for children 5 years and younger to validate age requirement for all programs. We no longer retain copies of birth certificates on file.

Cancellations

The staff reserves the right to consolidate, postpone, reschedule, or cancel any program due to change in day, dates, times, instructor, or insufficient enrollment.

For Your Safety

Please drop-off and pick-up your children promptly upon arrival or dismissal of class.
