To the President and Members of the Board of Commissioners Frankfort Square Park District Frankfort, Illinois

#### Independent Auditor's Report

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Frankfort Square Park District, Frankfort, Illinois, (District) as of and for the year ended April 30, 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

# Management's Responsibility For The Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

# **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects. the respective financial position - modified cash basis of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the District as of April 30, 2013, and the respective changes in financial position - modified cash basis, thereof for the year then ended in accordance with the basis of accounting as described in Note 1.

#### **Basis of Accounting**

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

#### **Other Matters**

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Other Supplementary Information and Other Supplemental Schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Other Supplementary Information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Other Supplementary Information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Other Supplemental Schedules have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Werner, Rogers, Doran & Rugon, LLC

Notes To Basic Financial Statements April 30, 2013

#### 1. Summary Of Significant Accounting Policies

#### Introduction

The Frankfort Square Park District, Frankfort, Illinois, (District) was incorporated in June 1974 under the laws of the State of Illinois. The District operates under the Board of Commissioners Manager form of government. The District's Board of Commissioners is composed of the Board President and six members. The District provides services to the community that includes: recreation, park facility management, capital development and general administration services.

The financial statements of the District are prepared in accordance with the modified cash basis of accounting which is a comprehensive basis of accounting other than Accounting Principles Generally Accepted in the United States of America (USGAAP). USGAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this note.

#### Financial Reporting Entity

As defined by accounting principles generally accepted in the United States of America established by the GASB, the financial reporting entity consists of the primary government, as well as its component units, which are legally separate organizations for which the elected officials of the primary government are financially accountable. Financial accountability is defined as:

- Appointment of a voting majority of the component unit's board, and either (a) the ability to impose will by the primary government, or (b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government; or
- 2) Fiscal dependency on the primary government.

The accompanying financial statements present the Frankfort Square Park District only. There are no component units that are required to be included with these financial statements.

The District has a separately elected Board, the power to levy taxes, the authority to expend funds, the responsibility to designate management, the ability to prepare and modify a budget and the authority to issue debt. Therefore, the District is not included as a component unit of any other entity.

#### Basis Of Presentation

Government-Wide Financial Statements

The Statement Of Net Position and Statement Of Activities display information about the reporting government as a whole. Governmental activities generally are financed through taxes, intergovernmental revenue, and non-exchange revenue. Business-type activities are generally financed through user charges.

Notes To Basic Financial Statements April 30, 2013

#### 1. Summary Of Significant Accounting Policies

The Statement Of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include charges to residents who purchase, use or directly benefit from goods, services or privileges provided by a given function, and grants and contributions that are restricted to meeting the operational and capital requirements of a particular function. Revenues that are not classified as program revenues, such as taxes and other income items that are not specifically related to a function are reported as general revenues. The comparison of program revenues and expenses identifies the extent to which each program is self-financing or draws from the general revenues of the District.

The District has reported three categories of program revenues in the Statement Of Activities (1) charges for services, (2) program-specific operating grants and contributions, and (3) program-specific capital grants and contributions. Program revenues are derived directly from the program itself or from external sources, such as the State of Illinois; they reduce the net cost of each function to be financed from the District's general revenues. For identifying the function to which program revenue pertains, the determining factor for charges for services is which function generates the revenue. For grants and contributions, the determining factor is the function to which the revenues are restricted.

Eliminations have been made in the Statement Of Net Position to remove the "grossing up" effect on assets and liabilities within the governmental and business-type activities' columns for amounts reported in the individual funds as internal receivables and payables. Similarly, transfers between funds have been eliminated in the Statement Of Activities.

Net position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition/construction of those assets. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, laws, or regulations of other governments.

#### Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures/expenses. Governmental resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. An emphasis is placed on major funds. A fund is considered major if it is the primary operating fund of the District (General Fund) or meets the following criteria:

 Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Notes To Basic Financial Statements April 30, 2013

#### 1. Summary Of Significant Accounting Policies

b) Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

#### Governmental Funds

Governmental funds are those through which all governmental functions of the District are financed. The District's expendable financial resources are accounted for through governmental funds. The measurement focus is upon determination of changes in financial position, rather than upon net income determination. The following are the District's governmental funds:

<u>General Fund</u> - The General Fund is the general operating fund of the District. It is used to account for and report all financial resources not accounted for and reported in another fund.

<u>Special Revenue Funds</u> - Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

The major special revenue fund is the following:

Recreation Fund - Accounts for all revenue and expenditures related to the recreation activities and programs. Revenues of the Recreation Fund include property taxes, replacement taxes, user charges, contributions, and miscellaneous income

<u>Debt Service Fund</u> – The Debt Service Fund (a major fund) is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest on general long-term debt paid primarily from taxes levied by the District.

#### Proprietary Fund

The proprietary fund is used to account for the District's ongoing organizations and activities, which are similar to those often, found in the private sector. The measurement focus is based upon determination of net income. The proprietary fund separates all activity into two categories: operating and non-operating revenues and expenses. Operating revenues and expenses result from providing services and producing and delivering goods. Non-operating revenues and expenses entail all other activity not included in operating revenues and expenses – generally revenues from grants and interest and expenses for debt service.

**Enterprise Fund** – The enterprise fund is used to account for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the District is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

The District's major enterprise fund is the Golf Course Operations Fund, which accounts for the revenue and expense related to providing a fee based golf course for use by the residents of the District.

Notes To Basic Financial Statements April 30, 2013

#### 1. Summary Of Significant Accounting Policies

#### Basis Of Accounting

The government-wide statements and the fund financial statements for the proprietary fund are reported using the modified cash basis of accounting. Revenues, expenses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when cash is received or paid. This basis means that in addition to the cash basis transactions of the District's individual funds, all capital asset activity including depreciation of capital assets is reported, and all long-term liability activity is included. This accounting basis differs from full-accrual accounting in that certain short-term receivables and payables are not reported.

Governmental fund financial statements are also reported using the modified cash basis of accounting. In modified cash basis accounting, revenues are recognized when received and expenditures are recognized in the accounting period when paid. The governmental fund financial statements include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

#### Other Significant Accounting Policies

#### Budgets And Budgetary Accounting

The budget is prepared on a consistent basis as that used in financial reporting by the District. The budget was passed on July 19, 2012 and it was not amended after passage. For each fund, the total fund disbursements may not legally exceed the budgeted disbursements. The budget lapses at the end of each fiscal year.

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

- 1. In February, the Board directs the Director and Treasurer to prepare a tentative budget.
- During April, they submit to the Board of Commissions a proposed operating budget for the fiscal year. The operating budget includes proposed disbursements and the means of financing them.
- 3. Public hearings are conducted at a public meeting to obtain taxpayer comments.
- 4. Prior to July 31, the budget is legally enacted through passage of an ordinance.
- 5. The Treasurer is authorized to transfer up to 10% of the total budget between budget items within the fund; however, the Board of Commissioners must approve any revisions that alter the total disbursements of any fund.
- 6. Formal budgetary integration is employed as a management control device during the year in all funds, except the improvement referendum and golf course acquisition funds.
- 7. Budgeted amounts are as adopted by the Board of Commissioners.

Notes To Basic Financial Statements April 30, 2013

#### 1. Summary Of Significant Accounting Policies

#### Investments

Investments of the District are carried at cost. The fair value of the position in the Illinois Funds Money Market Fund is the same as the value of the pool shares.

#### Capital Assets

Capital assets are stated on the basis of historical cost (estimated for certain items purchased prior to April 30, 2004). Major capital asset additions are financed primarily from bond proceeds. Assets acquired through gifts or donations are recorded at their estimated fair value at the time of acquisition. The District has established a capitalization threshold of \$2,000 for land improvements, buildings, and equipment.

#### Depreciation Of Capital Assets

Depreciation has been provided over the estimated useful lives of the assets using the straight-line method. The estimated useful lives are shown below:

Land Improvements	20 Years
Buildings	50 Years
Machinery And Equipment	15-20 Years
Vehicles	8 Years

#### Interfund Transactions

The District has the following types of interfund transactions:

Loans – amounts provided with a requirement for repayment. Interfund loans are reported as internal receivables (due from other funds) in lender funds and internal payables (due to other funds) in borrower funds.

Reimbursements – repayments from the funds responsible for particular expenditures/expenses to the funds that initially paid for them. Reimbursements are reported as expenditures/expenses in the reimbursing fund and as a reduction of expenditures/expenses in the reimbursed fund.

Transfers – flows of assets (typically cash) without equivalent flows of assets in return and without a requirement for repayment. In governmental funds, transfers are reported as other financing uses in the funds making transfers and as other financing sources in the funds receiving transfers. In the proprietary fund, transfers are reported after nonoperating revenues and expenses.

#### Fund Balances

The District's fund balances are required to be reported using five separate classifications as listed below. The District may not necessarily utilize each classification in a given fiscal year.

Notes To Basic Financial Statements April 30, 2013

#### 1. Summary Of Significant Accounting Policies

Nonspendable fund balance - Includes amounts that cannot be spent because they are either not in spendable form, or, for legal or contractual reasons, must be kept intact. This classification may include inventories and assets held for sale.

Restricted fund balance - Constraints placed on the use of these resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors or other governments; or are imposed by law (through constitutional provisions or enabling legislation).

Committed fund balance - Amounts that can only be used for specific purposes because of a formal action (resolution or ordinance) by the District's highest level of decision-making authority, the District's Board of Commissioners.

Assigned fund balance - Amounts that are constrained by the District's intent to be used for specific purposes, but that do not meet the criteria to be classified as restricted or committed. Intent can be stipulated by the District's Board of Commissioners, or another body (such as a Finance Committee), or by an official to whom that authority has been given. With the exception of the General Fund, assigned fund balance is the residual fund balance classification for all governmental funds with positive balances.

Unassigned fund balance - This is the residual classification of the General Fund. Only the General Fund reports a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification, as the result of overspending for specific purposes for which amounts had been restricted, committed or assigned.

Note 14 provides details of fund balances.

#### Use of Resources Policy

The District considers restricted resources to have been used first when an expenditure/expense is incurred for purposes for which both restricted and unrestricted balances are available. Committed, assigned, and unassigned amounts are considered to have been spent in that order when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used. Expenditures incurred for a specifically identified purpose will reduce the specific identified classification of fund balance.

#### Use Of Estimates

The process of preparing financial statements in conformity with the modified cash basis of accounting requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

#### GASB Pronouncements

The District adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position, and the related GASB Statement No. 65, Items Previously Reported as Assets and Liabilities, in 2013. Adoption of the provisions of these statements resulted in changes in terminology; for example, net assets were renamed as net position.

Notes To Basic Financial Statements April 30, 2013

#### 2. Cash And Investments

#### Common Bank Account

Separate bank accounts are not maintained for all District funds; instead, the individual funds maintain their cash balances in the common checking account, with accounting records being maintained to show the portion of the common account balance attributable to each participating fund.

Occasionally certain funds participating in the common bank accounts will incur overdrafts (deficits) in the account. The overdrafts result from expenditures that have been approved by the Board of Park Commissioners.

#### Deposits

Cash deposits consisted of checking accounts which were carried at cost. At April 30, 2013, the carrying amount of the District's deposits was \$34,013 (exclusive of \$900 held in petty cash funds) and the bank balance was \$47,457.

Custodial Credit Risk – this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's investment policy requires that all deposits be fully insured or collateralized. As of year end, the District's total bank balance was insured by Federal Depository Insurance.

#### Investments

Credit Risk - The District is allowed to invest in securities as authorized by the Public Funds Investment Act (30 ILCS 235). The District's investment policy does not further limit its investment choices.

Custodial Credit Risk - For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. As of April 30, 2013, the District held \$45,660 in Illinois Funds money market accounts.

Concentration of Credit Risk - The District limits the amount it may invest in any one bank or savings and loan to ten percent of the investment portfolio. At year end, the District held all of its deposits in one bank and all of its investments in one investment pool.

Interest Rate Risk - The District's formal investment policy limits investment maturities to money market mutual funds and short term investments as a means of managing its exposure to fair value losses arising from increasing interest rates. The District's year end investments consisted of a money market account in one investment pool.

The Illinois Funds Money Market Fund is an external investment pool created by the Illinois General Assembly. The fund invests in U.S. Treasury bills and notes, in fully collateralized time deposits in Illinois financial institutions, in collateralized repurchase agreements, and in treasury mutual funds that invest in U.S. Treasury obligations and collateralized repurchase agreements.

Notes To Basic Financial Statements April 30, 2013

#### 2. Cash And Investments

A reconciliation of the District's cash and investment balances as reported in the basic financial statements and the bank deposits and investments presented in this note is as follows:

Reconciliation of Notes to Financial Statements:

Carrying Amount of Cash Per Note Above	\$ 34,013
Cash on Hand Per Note Above	900
Investments Per Note Above	 373,577
Total	\$ 408,490
Cash Per Statement of Net Position	\$ 34,913
Investments Per Statement of Net Position	 373,577
Total	\$ 408,490

#### 3. Property Taxes

The District's property tax is levied each year on all taxable real property located in the District on or before the last Tuesday in December. The levy was passed by the Board on December 3, 2012. The property taxes attach as an enforceable lien on property as of January 1st.

Property taxes are collected by the Will County Treasurer who remits to the District its share of the taxes collected. Taxes levied in one year become payable during the following year in two installments, one on June 1 and the second on September 1.

Property taxes are collected by the Cook County Collector who remits to the District its share of the taxes collected. Taxes levied in one year become payable during the following year in two installments, one on March 1 and the second on August 1, or 30 days after the tax bills are mailed, whichever is later. The first installment is an estimated bill, and is one-half of the prior year's tax bill. The second installment is based on the current levy, assessment and equalization, and reflects any changes from the prior year in those factors. Taxes on railroad real property used for transportation purpose are payable in one installment on August 1.

Notes To Basic Financial Statements April 30, 2013

#### 3. Property Taxes

The following are the tax rate limits permitted by Illinois Statutes, the actual 2012 rates levied per \$100 of assessed valuation and the extensions produced:

		<u>Will</u>	County	<u>Cook</u>	County
	Limit	Rate	Extension	Rate	Extension_
General	0.3500	0.3201	\$ 1,611,591	0.3174	\$ 87,932
Recreation	0.1200	0.0580	292,010	0.0590	16,345
Liability Insurance	None	0.0208	104,721	0.0211	5,846
Social Security	None	0.0156	78,541	0.0159	4,405
Audit	0.0050	0.0026	13,090	0.0026	720
Paving And Lighting	0.0050	0.0025	12,587	0.0024	665
Special Recreation	0.0400	0.0400	201,386	0.0400	11,082
Debt Service	None	<u>0.1250</u>	629,331	<u>0.1310</u>	36,292
Total		<u>0.5846</u>	\$ 2,943,256	0.5894	\$ 163,287

The calendar for the 2012 property tax levy for Will County is as follows:

Levy Date – December 3, 2012 Lien Date - January 1, 2012 Due Date(s) - June 1 and September 1, 2013 Estimated Collection Dates – May 14, 2013 through December 14, 2013

#### 4. Budget, Budget Over-Expenditures And Deficit Equity Balances

The budget is prepared on the same basis and uses the same accounting principles as are used to prepare the financial statements. No supplemental appropriations were made during the year.

The budget information is presented in this report in all cases where annual appropriations are required. Unexpended budgeted amounts lapse at the end of the fiscal year. Spending control for most funds is established by the amount of expenditures budgeted for the fund, but management control is exercised at budgetary line item levels. Expenditures exceeded the amounts budgeted for the following funds:

·	Expenditures					
				Actual		
				Budgetary		
Fund Type And Name		Budget		Basis		
Major						
General Fund	\$	1,595,053	\$	1,704,809		
Recreation Fund		999,411		1,189,317		
Debt Service Fund		825,352		830,520		
Nonmajor - Special Revenue Funds						
Liability Insurance		84,652		120,497		
Paving And Lighting Fund		12,415		14,159		
Special Receration Fund		138,195		233,455		

Notes To Basic Financial Statements April 30, 2013

### 4. Budget, Budget Over-Expenditures And Deficit Equity Balances

The following funds had deficit equity balances as of April 30, 2013 in the amount indicated:

Fund Type And Name	Deficit
Nonmajor - Special Revenue Funds	
Liability Insurance Fund	\$ 19,418
Audit Fund	15,258
Paving And Lighting Fund	589

#### 5. Interfund Balances And Transfers

At April 30, 2013, internal receivable and payable balances were as follows:

	Internal					
Fund	R	eceivable		Payable		
General Fund:		<del>.</del>	•			
Nonmajor Governmental Funds	\$	35,265	\$	=		
Debt Service Fund:		6,748		-		
Golf Course Operations Fund		27,979		-		
Total General Fund		69,992				
Recreation Fund:						
Golf Course Operations Fund		50,315		-		
Total Recreation Fund		50,315		_		
Debt Service Fund:						
General Fund		-		6,748		
Total Debt Service Fund		<u>-</u>		6,748		
Golf Course Operations Fund:						
General Fund				114,297		
Total Golf Course Operations Fund		-		114,297		
Nonmajor Governmental Funds:						
General Fund		-		35,265		
Golf Course Operations Fund		36,003				
Total Nonmajor Governmental Funds		36,003		35,265		
Grand Total	\$	156,310	\$	156,310		

During the course of operations, numerous transactions occur between individual funds that may result in amounts owed between funds. Short-term interfund loans are reported as "internal receivables and payables." The purpose of all short term loans is to cover temporary cash shortfalls in other funds, all loans are expected to be repaid within one year.

Notes To Basic Financial Statements April 30, 2013

#### 5. Interfund Balances And Transfers

Interfund transfers during the year ended April 30, 2013 were as follows:

	Interfund							
Fund	Tr	ansfers In	Transfers Out					
Governmental Funds:								
General Fund	\$	-	\$	102,493				
Debt Service		83,987		-				
Nonmajor Governmental Funds	***************************************	18,506		_				
Grand Total	\$	102,493	\$	102,493				

#### Routine Transfers

All transfers, described above, are routine transfers made to move monies between funds to finance operations and various programs in accordance with budgetary authorizations approved by the Board of Commissioners. For example, the General Fund transferred \$83,987 to the Debt Service Fund as part of the annual funding for debt service.

#### Other Transfers

The District made an additional transfer of \$17,421 as part of a budgeted operating program. These funds helped pay for current operations.

Notes To Basic Financial Statements April 30, 2013

# 6. Capital Assets

Capital asset activity for the year ended April 30, 2013 was as follows:

	Balance May 1, 2012			Additions		Disposals		Balance oril 30, 2013
Governmental Activities: Assets Not Being Depreciated:			_	, , , , , , , , , , , , , , , , , , , ,				
Land	<u>\$</u>	32,879,077	<u>\$</u>	-	\$	-	<u>\$</u>	32,879,077
Depreciable Capital Assets:								
Land Improvements		10,846,502		5,830		-		10,852,332
Buildings		6,263,282		-				6,263,282
Machinery And Equipment		2,346,251		261,264		-		2,607,515
Vehicles		607,232		84,176				691,408
Subtotal		20,063,267		351,270				20,414,537
Totals At Historical Cost		52,942,344		351,270				53,293,614
Less Accumulated Depreciation For:

Notes To Basic Financial Statements April 30, 2013

#### 7. Long-Term Debt

The following is a summary of debt service principal and interest maturities for each of the next five fiscal years and in five year increments thereafter required to service all business-type long-term obligations at April 30, 2013:

Fiscal Year	F	Principal		Interest		Total
0044	•	57 500	•	04.000	•	70.400
2014	\$	57,500	\$	21,929	\$	79,429
2015		57,500		20,117		77,617
2016		57,500		18,421		75,921
2017		52,500		15,474		67,974
2018		52,500		15,110		67,610
2019-2023		395,000		57,229		452,229
Total	\$	672,500	\$	148,280	\$	820,780

#### 2002 General Obligation Park Bonds

The 2002 alternative revenue source bonds are general obligations bonds issued May 8, 2002, in the amount of \$5,000,632. The bonds maturing from January 1, 2005 through and including 2014 are current interest bonds with interest rates of 4.55% to 4.75%. The bonds maturing from January 1, 2015 through and including 2022 are capital appreciation bonds with interest rates of 5.20% to 5.65%. The interest accretion on the capital appreciation bonds is recorded annually in the Statement Of Activities. The amount of interest accretion for the year ended April 30, 2013 was \$183,963.

#### 2003 General Obligation Bonds

The 2003 general obligation bonds were issued to acquire the golf course July 15, 2003 in the amount of \$1,800,000 maturing annually in varying amounts through April 1, 2023, with interest accruing at 2.50% to 4.213%. These bonds are expected to be repaid from proprietary funds. During the fiscal 2011, \$1,085,000 of these bonds were defeased. During the fiscal 2013, the remaining \$480,000 of these bonds were defeased.

#### 2009 General Obligation (Alternate Financing Source) Bonds

The 2009 general obligation (alternate financing source) bonds were issued to finance park improvements May 5, 2009 in the amount of \$1,200,000 maturing annually in varying amounts through January 1, 2030, with interest accruing at 3.00% to 5.00%. These bonds are expected to be repaid from the general fund. During fiscal year 2011, \$40,000 of these bonds were defeased.

#### 2010 General Obligation (Alternate Revenue) Bonds

The 2010 general obligation (alternate revenue) bonds were issued to refund a portion of the 2003 general obligation bonds and a portion of the 2009 general obligation (alternate financing source) bonds and to finance park improvements June 30, 2010 in the amount of \$1,870,000 maturing annually in varying amounts through January 1, 2031, with interest accruing at 3.70% to 4.55%. These bonds are expected to be repaid from the general fund.

Notes To Basic Financial Statements April 30, 2013

#### 7. Long-Term Debt

2012 General Obligation Bonds

The 2012 general obligation bonds were issued to make payments on the 2009 bond issue November 30, 2012 in the amount of \$106,000 with an interest rate of 3.45%. These bonds are due on November 30, 2013.

2013 General Obligation Bonds

The 2013 general obligation bonds were issued to refund the 2003 general obligation bonds, March 14, 2013 in the amount of \$485,000 maturing annually in varying amounts through April 1, 2023, with interest accruing at 2.00% to 2.85%. These bonds are expected to be repaid from proprietary funds.

Current Year Advance Refunding

The District used bond proceeds of \$485,000 from the issuance of the 2013 Series, General Obligation (Alternate Financing) Refunding Bonds along with \$4,253 in the enterprise fund to advance refund \$480,000 of outstanding General Obligation Bond Series 2003 bonds. The proceeds, net of the issuance costs, plus \$4,253 were used to purchase U.S. Government securities (\$469,921). Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the defeased portion of the above-mentioned bonds. As a result, that portion of the 2003 Series bonds are considered to be defeased and the liability for these bonds has been removed from the Proprietary Fund Statement of Net Position. The refunding of the bonds resulted in a decrease of total debt service for the District over the next nine years of \$20,787 and an economic gain (the difference between the present value of the new and old debt) of \$21,021.

Current And Prior-Year Defeasance Of Debt

In the current and prior fiscal years, the District defeased certain general obligation bonds by placing the proceeds of new bonds in irrevocable trusts to provide for all future debt service payments on the old bonds. Accordingly, the trusts account assets and the liability for the defeased bonds are not included in the District's financial statements. At April 30, 2013, \$835,000 of bonds outstanding are considered defeased.

Installment Loans

On June 23, 2005, the District entered into installment loan agreements to purchase two pole buildings. The balance of these loans as of April 30, 2013 is \$60,000, due in installments through June 23, 2015 at an interest rate of 4.15%. These loans are expected to be repaid fifty percent from governmental funds and fifty percent from proprietary funds.

On March 26, 2009, the District entered into an equipment purchase installment loan agreement to purchase equipment for the Nature Center and other projects. The balance of this loan as of April 30, 2013 is \$126,000, due in installments through March 26, 2019 at an interest rate of 5.50%. This loan is expected to be repaid from governmental funds.

On October 26, 2009, the District entered into a land purchase installment loan agreement to purchase 191<sup>st</sup> street property. The balance of this loan as of April 30, 2013 is \$139,999 due in installments through October 26, 2014 at an interest rate of 4.20%. This loan is expected to be repaid from governmental funds.

Notes To Basic Financial Statements April 30, 2013

#### 7. Long-Term Debt

Installment Loans

During fiscal 2012, the District entered into several equipment purchase installment loan agreements to purchase equipment for the Golf Course Kitchen and other projects. The balance of these loans as of April 30, 2013 totaled \$244,918, due in installments through 2022 at interest rates of 3.21% to 4.35%. These loans are expected to be repaid from governmental funds in the amount of \$87,418 and \$157,500 from the enterprise fund.

During fiscal 2013, the District entered into three equipment purchase installment loan agreements to purchase grounds equipment. The balance of these loans as of April 30, 2013 totaled \$192,771, due in installments through 2021 at interest rates of 3.25% to 4.20%. These loans are expected to be repaid from governmental funds.

#### Capital Lease Obligations

The District has entered into a capital lease obligation for equipment. The obligations are paid annually at an interest rates ranging from 5.95% to 6.70%.

Changes in capital lease obligations are as follows:

	Balance		Lease		Lease		Balance	
	May 1, 2012		Proceeds		Retirements		April 30, 2013	
Capital Leases	\$	50,551	\$	66,738	\$	37,036	\$	80,253

At April 30, 2013, the annual cash flow requirements for capital lease obligations are as follows:

Year Ending April 30,		Principal		Interest		Total	
2014 2015 2016	\$	27,216 28,950 24,087	\$	5,727 3,993 1,512	\$	32,943 32,943 25,599	
	\$	80,253	\$	11,232	\$	91,485	

#### 8. Short-Term Debt

The District issued \$250,000 of tax anticipation warrants during the fiscal year ended April 30, 2013. The warrants are expected to be repaid from the General Fund in the fiscal year ending April 30, 2014.

Notes To Basic Financial Statements April 30, 2013

#### 9. Retirement Program

The District offers employees that work more than half-time, the opportunity for participation in a contributory retirement plan. The plan is an individual account annuity plan. The District contributes 11% of full–time employees' salaries to participating employees' accounts. All employee accounts are fully vested.

# 10. Other Employee Benefits

All full-time District employees accumulate vacation and personal leave hours for subsequent use or for payment upon termination, death, or retirement. The District has not recorded a liability for compensated absences as all vacation and personal leave hour liabilities are considered current liabilities and the District prepares its financial statements on the modified cash basis of accounting.

The District also maintains hospitalization insurance coverage for all of its full-time employees.

#### 11. Risk Management

The District is exposed to various risks of loss related to torts; professional liability; theft of, damage to, and destruction of assets; and natural disasters. To protect the District from such risks, the District is a member of a joint venture, the Illinois Parks Association Risk Services. The self-insurance pool is an insurance risk pool comprised of several Illinois park districts. Each participating government has an ongoing financial responsibility for the liabilities of the pool. Illinois Parks Association Risk Services issues a publicly available annual report that includes financial statements. That report may be obtained on-line at <a href="https://www.iparks.org">www.iparks.org</a>.

To cover itself against worker's compensation risks, the District has purchased insurance coverage through an insurance agency. The District pays annual premiums to the agency for insurance coverage.

There were no reductions in insurance coverage during the year. Settled claims have not exceeded the insurance coverage in the last three years.

#### 12. Joint Venture - South Suburban Special Recreation Association

The District, along with eight other area Park Districts, and two municipalities, has entered into a joint agreement to provide cooperative recreational programs and other activities for handicapped and impaired individuals. Each member agency shares equally in the association, and generally provides funding based on its equalized assessed valuation. The District contributed \$145,921 to the association during the current fiscal year. The District does not have a direct financial interest in the Association and, therefore, its investment therein is not reported within the financial statements. Upon dissolution of the association, the assets, if any, shall be divided among the members in accordance with an equitable formula, as determined by a unanimous vote of the Board of Directors of the Association.

A complete separate financial statement for the Association can be obtained from the Association's Administrative office located at 19910 80th Avenue, Tinley Park, IL 60487.

Notes To Basic Financial Statements April 30, 2013

#### 13. Contingencies

#### Litigation

From time to time, the District is involved in legal and administrative proceedings with respect to employment, civil rights, property tax protests and other matters. Although the District is unable to predict the outcome of these matters, the District believes that the final outcome of any actions will not have a material adverse effect on the results of operations or the financial position of the District.

#### **Grant Programs**

The District currently participates in and in prior fiscal years has participated in various grant programs. Grant programs are subject to program compliance audits by the grantor agencies. The District's compliance with applicable grant requirements may be established at some future date; however, the District believes that any noncompliance will not have a material effect on the financial statements.

#### 14. Fund Balances

Details of the District's fund balances by individual major fund and nonmajor funds in the aggregate are as follows:

			Ма	jor Funds					
	(	Seneral Fund	Re	ecreation Fund		Debt Service Fund		lonmajor vernmental Funds	 Total vernmental Funds

The District levies property taxes for tort immunity/liability insurance purposes. As required by Public Act 91-0268 passed by the Illinois General Assembly, the District is including the above list of tort immunity purposes expenditures in its annual financial report.

The District's tax extension for liability insurance purposes for tax year 2012 as levied by Will and Cook Counties was \$82,946. Any shortfall to cover expenditures in excess of taxes collected is derived from other revenues of the District. Any excess of revenues over expenditures is carried forward to subsequent fiscal years subject to a statutory formula.
