

Masks Optional

To Parents, Program Participants, and Staff of the Frankfort Square Park District:

Effective immediately, the Park District is implementing a mask optional policy for all FSPD facilities and programs.

We respect everyone's opinion on this issue and will leave it to the participants or parents as to what actions work best for themselves and their families.

Please respect the choices of others and understand that the Park District will not be overseeing this action, but will leave personal choices regarding masks to the discretion of the participants and/or parents.
