Celebrating
50 Years!

2024

BROCHURES THROUGH THE DECADES

Dear Frankfort Square Park District Residents: Happy 50th Anniversary!

On behalf of the current Frankfort Square Park District Board of Commissioners and staff, we are honored to share this special occasion with you! In an effort to provide a real connection to our pioneering FSPD residents, I spent some time with a 1970s FSPD scrapbook carefully assembled by individuals who put the same care and effort into starting the FSPD to meet the recreational needs of their families, friends, and neighbors.

Members of the Frankfort Square Homeowners Association saw a need and an opportunity, so they formed the Park District Fact-Finding Committee. After surveying neighbors and completing a review of all available options, they started the Park District Formation Committee. On March 18, 1974, a petition was filed in Will County Circuit Court containing more than the minimum 100 signatures needed. Most of those Frankfort Square residents listed home addresses on Laurel Drive and Greenfield Lane.

On April 13, 1974, the referendum question was asked and 87% voted yes to establish the 73-acre Frankfort Square Park District. The ballot also contained candidates and the following individuals were elected as the first FSPD Board Members: Robert Garrett, Russell Lundquist, Robert Maloney, Robert Denton, and David Martyn. Board Meeting Minutes dating back to the first meeting held on April 22, 1974, are available on our website, fspd.org.

A press release dated November 21, 1974, titled "Unique Park District Created at Frankfort Square" shares some fascinating insights into the formation of the Frankfort Square Park District.

It is believed that the FSPD was the first Illinois park district, located in an unincorporated area, to be formed through the cooperation of homeowners and Hoffman Rosner, the original developer of our planned community. It was also the first of its kind in which homeowners took on the responsibility for operating a park district as up until this time, other park districts had been under the jurisdiction of a municipality.

The first five parks, 21 acres, were donated by Hoffman Rosner with a promise to donate another 57 acres over an 8-10-year period. The developer also provided a \$1,000 cash gift to get the project underway and another \$1,000 cash gift to purchase maintenance equipment.

The five park sites were graded and seeded, trees were planted, and tot lots with swings, slides, and climbing toys were installed along with barbeque grills, back-stops for baseball diamonds, a retention pond for use as a lake that would be stocked with fish.

The Frankfort Square population in 1974 was 1,000 and the long range plan was to build 3,200 homes that included townhomes and single family homes to eventually house 10,000 residents on a 600 acre site.

The FSPD has grown and developed because of the countless people who have given their time and talents throughout the years. Our memories and the FSPD archives are filled with their stories. They have enriched our lives in so many ways and we are so grateful.

Over the past 50 years, trends have changed, but the same level of care for the recreational needs of our families, friends, and neighbors continues. Resident support for the FSPD has provided for the expansion to 31 parks, 629 acres, 650+ annual programs, and 10 miles of walking paths. This growth and support resulted in the FSPD being recognized nationally as a finalist for the prestigious National Recreation and Park Association Gold Medal Award for the first time in 2004. Multiple finalist recognitions followed and the FSPD received the Grand Award for Park District Excellence in 2007 and 2017.

We couldn't have done it without you! We encourage you to reminisce and to share your memories with us. Did you vote in the election that included the referendum question to establish the FSPD in 1974? How have you enjoyed the programs and facilities provided by your FSPD? Did you or your children attend preschool, teen dances at the Community Center, summer day camp, BAS, or a holiday party? Do you golf at Square Links, workout at F.A.N., enjoy the Splash Park, Community Gardens, and walking paths? FSPD programs and facilities start with resident input and are made possible through resident support.

It's time to celebrate! Let's travel back to 1974 and enjoy District-wide 1970s-themed activities. Our Early Learning Center preschool students started us off with a tie-dye activity and Square Links Golf Course and Practice Center now features a retro golf cart and a promotion for golfers to win a free bucket of balls when a special anniversary golf ball is found in a range bucket. To learn more about all the fun 50th Anniversary details we have planned, please stay connected with the FSPD staff, website, and social media.

As we look towards the future, we are thrilled to announce that we have been awarded a \$600,000 OSLAD grant for the redevelopment of one of the FSPD's original parks, Hunter Prairie! Many thanks to the residents who shared their time and input through our community meetings and wrote letters of support. Once the Illinois Department of Natural Resources agreement is finalized, work on the two-year project can begin.

If you have any suggestions to improve our service, please stop by our office, send us an email, or attend our monthly Board Meetings that are held on the third Thursday of each month.

Happy 50th Anniversary! Have a groovy summer!

Visitors to Community Park can view a sign honoring Ken (pictured here with his wife Beth) and the Park District's accomplishments during his time on the Park Board that included 33 grant projects totaling \$4,774,760 that enabled various park improvements.

Under Ken's leadership, the Park District was nationally recognized as a Gold Medal finalist seven times and was the recipient of the Grand Plaque award two times for its excellence in the field of park and recreation management. Ken proudly accepted these awards at National Recreation and Parks Association Congress events.

Ken and his wife Beth purchased their home in 1975 and raised their family in the Square. Whether Ken was volunteering for the Frankfort Square Baseball League as a coach, then President, or as an FSPD Commissioner, Ken always gave his best, always had a kind word for others, and will always be a shining example of selfless duty to his family and his community.

On behalf of the Park District Board, staff, and residents, we thank Ken for sharing his time and expertise through the years, and thank you also to the entire Blackburn family for sharing Ken with all of us.

F.A.N. for All

The Frankfort Square Park District has received many requests for usage from a variety of communities, private non-profit, and for-profit organizations. Currently, exclusive use of the Lincoln-Way North field house, gymnasiums, and athletic fields, is not available. The purpose of F.A.N. is not to host tournaments or special events, no matter what revenue the event may generate.

Providing space for these events would limit resident access and usage for F.A.N. members and local groups and organizations that schedule practices and games.

Secondly, F.A.N. and the North campus cannot accommodate every group and organization at all the facilities and fields for the Lincoln-Way area. Local high schools, East, Central, and West are still available for resident use, and should be considered as able to meet group and/or organization needs. Lincoln-Way North facility usage request forms are available on the FSPD website under the Parks & Facilities tab.

Walking Trail and Bike Path

The 9.9 mile network of trails connects parklands and provides access and safe passage to schools and neighborhoods throughout the Frankfort Square community. The multi-use trails were installed through IDNR grants obtained by both the park district and Frankfort Township, while Brookside Glen Subdivision Trail and Lighthouse Pointe Subdivision Trail were included in subdivision planning by their respective developers.

Walking Path Distances

1.66 Miles

Community Center to Square Links Golf Course, through Island Prairie, Indian Boundary South, Kingston, and Hoffman Parks

1.70 Miles

1.34 Miles

80th Avenue to Ridgefield

0.50 Miles

Arbor Park, encircling the pond

0.40 Miles

Frankfort Square Park District Trail

The park district's 1.9 mile trail connects Island Prairie, Indian Boundary South, Kingston, and Hoffman parks.

Path users can access the trail beginning at Arran Drive, directly south of the Frankfort Square Park District Administration Building, and wind through the large 35 acre wet-mesic prairie, offering spectacular views of the lake. Continue on to Indian Boundary South and pause by the wildlife viewing stations, an Eagle Scout project constructed by Boy Scout Troop 237. Stop for a picnic at Kingston or Hoffman Parks as the kids enjoy playing on state-of-the-art playground equipment. As you traverse the path, you will spot native Illinois plantings and wildlife habitats in the prairies and along the waters' edge. Whether walking, biking, or roller blading, the path is sure to offer a great way to exercise while enjoying the pristine parks along the way.

Trail Rules

Trails are open from dawn to dusk. Motorized vehicles are not allowed on any park district or township trails. Pets must be leashed and pet cleanup is required.

Frankfort Township Trail

The 2.1 mile township trail begins at Frankfort Square School then heads south to St. Francis. There it continues west to 80th Avenue where it turns north to Hilda Walker School.

In a cooperative effort with the Frankfort Square Park District, the Frankfort Township trail serves as a vital link in a planned bike path system. Residents can begin at Indian Boundary South Park and Frankfort Square School, proceed south along Frankfort Square Road to Community Park for an afternoon of fishing, tennis, or picnicking. Travel west along St. Francis Road, adjacent to the park district's Square Links Golf Course and Driving Range. Continue west to 80th Avenue and travel north to Hilda Walker School and Union Creek Park. The parks connected by the Frankfort Township trail offer a wide variety of recreational amenities such as playgrounds, sports fields, picnic shelters, golf, wildlife observation, and skating rinks.

Brookside Glen Subdivision

The Brookside Glen 5.5 mile path system, installed by developers of Brookside Glen, is maintained by the Frankfort Square Park District.

This path winds throughout the Brookside Glen subdivision offering a tremendous benefit to residents. The trail system provides a healthy alternative to motorized transportation, enabling a positive impact upon the environment. Children can safely walk or bike to school, and path users have increased enjoyment of the native areas and ponds located throughout the subdivision.

Lighthouse Pointe Subdivision

Developers of Lighthouse Pointe included a 2 mile path in the planning of this subdivision. The path system was transferred to the Frankfort Square Park District and is under perpetual maintenance year round.

Enter the path system at various points throughout the subdivision and follow this winding trail as it gently slopes creek-side from prairies to wooded wetland, to the future park site. Sights such as the wooded Hickory Creek, native Illinois landscapes, and a proliferation of wildlife in their natural habitats add to the unique experience hikers and bikers can enjoy along the way.

The park district is committed to safety, good sportsmanship, and cooperation with our golfers and residents, and has developed the following guidelines to minimize errant shots and to assist injured parties in identifying the golfer responsible for hitting the errant shot.

- Golfers are expected to exercise the highest degree of sportsmanship, etiquette, caution, and consideration of others-refraining from horseplay, carelessness, and reckless or offensive behavior. Golfers are responsible for their own conduct and play, including errant shots that may result in property damage or personal injuries.

Thor Guard Lightning Prediction System

The Frankfort Square Park District has a lightning prediction system that consists of sensors measuring electrostatic charges at ground level and in the atmosphere. These electrostatic charges, invisible to the naked eye, build prior to lightning occurrences. Square Links Golf Course houses the main detection system. When conditions indicate that a lightning occurrence is probable, a signal is sent to alarm horns and strobe lights located at the Community Center, Summit Hill Jr. High, Lincoln-Way North, as well as Champions, Hunter Prairie, and Union Creek Parks.

The following procedures are to be followed when potentially dangerous weather exists:

Warning Signal

A warning signal (one long 15 second horn blast) will sound and strobe lights will activate when a potentially dangerous weather situation is approaching. If the strobe lights are activated, a potentially dangerous weather situation exists.

Procedures

All activities in the park will end immediately and patrons must leave the park. It is recommended that park patrons seek shelter in their cars or a building. Patrons should avoid areas that are higher than the surrounding landscape, they should not use a tree for shelter, and they should keep away from metal objects such as bicycles, golf clubs, umbrellas, etc. All park patrons must wait until the Lightning Prediction System performs an All Clear Signal before returning to the park.

All Clear Signal

The All Clear Signal (three short horn blasts, two seconds apart) will sound, and the strobe lights will deactivate. After the All Clear Signal sounds and the strobe lights deactivate, park patrons may resume their activities.

Caution

The Thor Guard System helps assess the conditions. Neither the signal nor the system is intended to guarantee that conditions are safe. If the weather is threatening and no warning signal is heard or seen, use good judgment and clear the area. The manufacturer recommends public 'should always errr on the side of caution'. Do not wait for the warning signal to activate, as the system can malfunction.

Integrated Pest Management

Application of herbicides to park land is necessary to maintain and improve park properties within our district. These applications are done by qualified personnel with proper equipment and in compliance with all appropriate state and local regulations. Integrated Pest Management (I.P.M.) is employed by the Frankfort Square Park District to manage and control pests with chemical, physical, and biological methods. Components of I.P.M. include fertilization, maintaining mowing equipment, aerating, over-seeding, and chemical application of herbicides. If you would like additional information relating to I.P.M. or would like to be notified when chemical applications will be done on park property, please contact the park office at (815) 469-3524.

AED - Automated External Defibrillators

The Frankfort Square Park District has purchased and placed into service numerous automated external defibrillators (AED's). These AED's are located at the Community Center, Square Links Golf Course, Champions Park concession stand, and both Union Creek concession stands. In addition, Summit Hill School District 161 and Lincoln-Way Community High School District 210 have AED's located at all school facilities utilized by the park district for programming.

The Frankfort Square Park District has five facilities available on a rental basis. These rooms can be used for a variety of celebrations, such as banquets, weddings, birthdays, showers, or family gatherings. Renters must be 25 years of age.

Code Of Conduct

The Frankfort Square Park District is committed to providing a safe and fun environment for all participants and guests. By doing so, patrons are required to act appropriately, and are to always be respectful to others when using Frankfort Square Park District facilities.

Individuals using Frankfort Square Park District facilities are expected to behave in an appropriate and responsible manner. The Frankfort Square Park District Code of Conduct does not permit use of language or any action that may hurt or frighten another person or otherwise falls below a generally accepted standard of conduct. Directions issued by the park district staff must be followed at all times.

- Show respect for all participants, guests, spectators, staff, and volunteers.
- Follow program rules and direction from staff.
- Show respect for equipment, supplies, and facilities.
- Use of abusive or foul language, arguing, fighting, and any other form of harassment or intimidation is prohibited.
- Weapons, drugs, and alcohol are prohibited on school and park district property.
- Report incidents where park district policies are disregarded to staff.
- Report illegal activities to police/sheriff.

This Code of Conduct is in place to help make the Frankfort Square Park District's facilities and programs safe and enjoyable for everyone. If inappropriate behavior occurs, a prompt resolution will be sought specific to each situation. The Frankfort Square Park District reserves the right to remove anyone whose behavior endangers his or her own safety or the safety of others.

Program Policy

Due to the possibility of separation anxiety, the park district asks that parents of children who have not been in prior park district programs remain in the lobby for the first day of class.

With the child's best interest in mind, no parents or siblings are allowed in the classroom - only registered participants.

If your child is not toilet-trained, please make sure he or she has on a fresh diaper or pull-up. If your child is at risk to need an immediate diaper change, you should plan on remaining on the premises, or be immediately reachable by phone. Our instructors are not in the position to change soiled diapers or training pants.

As we are unable to offer refunds or credits for the Tiny Tot programs and Early Childhood Camp, parents are asked to be confident their child is ready for this program. A child is ready when he/she is willing to enter/stay in the classroom without crying. With the child's best interest in mind, **no** parents are allowed in the classroom. The park district will try to accommodate your child in a parent-tot program if deemed necessary.

Birth Certificate Policy

Birth certificates are required at the first registration for children 5 years and younger to validate age requirement for all programs. We do not retain copies of birth certificates.

Cancellations

The staff reserves the right to consolidate, postpone, reschedule, or cancel any program due to change in day, dates, times, instructor, or insufficient enrollment.

For Your Safety

Please drop-off and pick-up your children promptly upon arrival or dismissal of class.

Preschool-age children enrolled in park district programs are not released from a class to anyone other than a parent or guardian, unless advance written notification is given to the instructor.

Age Limitations and Why

In order to provide your child with the best possible recreational and/or learning experience, all of our programs are planned according to the ages listed in our brochure. Our instructors are sensitive to the needs of the individual age levels. Children must be the age listed in the brochure for each program by the date the program begins, unless otherwise specified.

Please be aware that these photos are for park district use only and may be used in the park district's publications, website, and social media.
